Experience and Projects

- **Bet Platform: Full Stack Developer (2015-2017)**
Developed a sports betting platform from scratch, integrated with sports data from SportMonks.
Stack: **Django (Python), DRF (Django Rest Framework), PostgreSQL**
Cloud: Google Cloud
- **Infrabets: Project Leader / Full Stack Developer (2017-2019)**
Rewrote an existing sports betting script, adding numerous features such as live betting.
Stack: **Laravel (PHP), Websockets, MySQL**
Cloud: AWS
- **Floc Food: Project Leader / Mobile Developer (2019 - 2023)**
Developed an app for ordering and delivering meals with real-time tracking, similar to iFood.
Stack: **React Native (Expo), NestJs with GraphQL (Backend), Supabase, Angular (Frontend - Kitchen)**
Cloud: Google Cloud Run
- **Já Zerei: Web Developer (2023)**
Developed a platform for online game trading, enabling players to easily trade games.
Stack: **Angular with Firebase**
Cloud: Vercel

About Me

I am a creative developer passionate about React and React Native with a strong focus on User Experience.

I develop each feature with user experience, performance, and security in mind, believing that everything else is just a consequence of these.

Key Skills

-  **Languages:** JavaScript (ES6+), TypeScript, Python, PHP
-  **Frontend:** React, React Native, Angular, NextJS, TailwindCSS, SASS, Django
-  **Backend:** NestJS, GraphQL, REST, Supabase, Firebase, Nginx
-  **Databases:** Postgres, MySQL, MongoDB, Redis
-  **Testing:** Jest, Playwright, React Testing Library, Detox
-  **Tools:** Git, Docker, Bash, Neovim, TypeORM, Prisma, Sentry, BullMQ
-  **Techniques:** SOLID, Design Patterns, Clean Code, DRY, DI, YAGNI, DDD, TDD
-  **Other Skills:** SCRUM, Kanban, Hosting, Security, SEO, UX, CI/CD, Figma (Design)

Languages

Portuguese **(Native)**, English **(C2)**, Spanish **(Basic)**

Academic Background

Federal Institute of Piauí (IFPI)
Analysis and Development of Systems

Personal Qualities

I am very open-minded, adaptable to circumstances, and have a special ability for learning.

The main skills listed above are just the things I'm most in contact with, but I'm capable of leading people and learning whatever is necessary to achieve my goals.

I rarely give up on things I consider important. I am always learning and like to stay updated with all the latest technologies, especially those I work with, like React and React Native.

Open Source Contributions

- **React Native Date Picker:** <https://github.com/henninghall/react-native-date-picker/pull/565>
- **Radash:** <https://github.com/rayepps/radash/issues/87>
- **React Native MMKV:** <https://github.com/mrousavy/react-native-mmkv/issues/369>
- **React Native Maps:** <https://github.com/react-native-maps/react-native-maps/issues/3459#issuecomment-1184820535>

Loved Books

- Think and Grow Rich (Napoleon Hill)
- Secrets of the Millionaire Mind (T. Harv Eker)
- The Richest Man In Babylon (George S. Clason)
- Influence: The Psychology of Persuasion (Robert B. Cialdini)
