About

I am a passionate and creative React and React Native developer with a strong focus on User Experience.

I develop every feature with user experience, performance, and security in mind, as I believe that the rest are just consequences.

I love to keep everything organized, flexible, and maintainable in my codebase, since success is the ultimate goal and the code should be prepared for it.

Educational Background

Instituto Federal do Píaui (IFPI)
Systems Analysis and Development

Main Skills

- **Languages**: JavaScript (ES6+), TypeScript, Java, Python
- **Frontend**: React, React Native, Angular, NextJS, TailwindCSS, SASS, Django
- **Backend**: NestJS, GraphQL, REST, Supabase, Nginx
- **Databases**: Postgres, MySQL, Firebase, MariaDB, Redis
- **Testing**: Jest, Playwright, React Testing Library, Detox
- **Tools**: Git, Docker, Bash, Neovim, TypeORM, Prisma, Sentry, BullMQ
- **Techniques**: SOLID, Design Patterns, Clean Code, DRY, DI, YAGNI, DDD,TDD
- **Languages**: Portuguese (Native), English (C2), Spanish (Basic)
- **Other Skills**: Artificial Intelligence (Basic), SCRUM, Hosting, Security, SEO, UX, CI/CD, Figma (Design)

Personal Qualities

I am a very open-minded person, capable of adapting to what the circumstances require, and I have a very special ability to learn.

The main skills listed above are just the things with which I have had the most contact, but I am capable of leading people and learning whatever is necessary to achieve my goals.

I rarely give up on things that I consider relevant. I'm always learning and like to stay up-to-date with all the latest technologies, especially those that I work with, like React and React Native.

Commercial Experiences

Infrabets: Sistema de apostas (2017-2019) [https://infrabets.com.br]

Private Projects

- **Plataforma Bet**: Betting system (2015-2016)
- **Já Zerei**: Game exchange system (2023)
- **Floc Food**: Food delivery app (2019 - 2023)

Open Source Contributions

- **React Native Date Picker**: https://github.com/henninghall/react-native-date-picker/pull/565
- **Radash**: https://github.com/rayepps/radash/issues/87
- **React Native MMKV**: https://github.com/mrousavy/react-native-mmkv/issues/369
- **React Native Maps**: https://github.com/react-native-maps/react-native-maps/issues/3459#issuecomment-1184820535

Main Books

- Think and Grow Rich (Napoleon Hill)
- Secrets of the Millionaire Mind (T. Harv Eker)
- The Richest Man In Babylon (George S. Clason)
- Influence: The Psychology of Persuasion (Robert B. Cialdini)
